

**IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF NEBRASKA**

UNITED STATES OF AMERICA,)	CASE NO. 8:08CR164
)	
Plaintiff,)	
)	
vs.)	TENTATIVE FINDINGS
)	
JASON R. PUTNEY,)	
)	
Defendant.)	

The Court has received the Presentence Investigation Report ("PSR") and the Defendant's objections thereto (Addendum). The objections were not filed and supported as required by the Order on Sentencing Schedule, ¶ 6. (Filing No. 33.) The Court advises the parties that these Tentative Findings are issued with the understanding that, pursuant to *United States v. Booker*, 543 U.S. 220 (2005), the sentencing guidelines are advisory.

Because the Court has not had the benefit of seeing objections filed together with legal authority, the objections cannot be fully evaluated. The Court's tentative findings are that the objections are denied for the reasons stated in the PSR Addendum.

IT IS ORDERED:

1. The Defendant's Objections to the Presentence Investigation Report (Addendum) are denied;
2. Otherwise the Court's tentative findings are that the Presentence Investigation Report is correct in all respects;
3. If **any** party wishes to challenge these tentative findings, the party shall immediately file in the court file and serve upon opposing counsel and the Court a motion challenging these tentative findings, supported by (a) such evidentiary materials as are

required (giving due regard to the requirements of the local rules of practice respecting the submission of evidentiary materials), (b) a brief as to the law, and (c) if an evidentiary hearing is requested, a statement describing why an evidentiary hearing is necessary and an estimated length of time for the hearing;

4. Absent submission of the information required by paragraph 3 of this Order, my tentative findings may become final; and

5. Unless otherwise ordered, any motion challenging these tentative findings shall be resolved at sentencing.

DATED this 17th day of November, 2008.

BY THE COURT:
